WEEKLY BULLETIN 2023-24 ISSUE NO. 34

PUBLISH DATE : 20 FEBRUARY'24

Speaker for this weekly meeting was **Shri Yogesh Agrawal**. He has been active in creating awareness about organ donation in India over the past decade. He mentioned that the rate of organ donation in India is less than 0.04%. While that in Spain or Portugal is around 50%, as these countries follow an 'opt out' system for organ donors.

Mr Agrawal was invited to speak at this weekly meeting as there is a proposal to form an organ donation awareness cell at Nana Nani Park along with the Probus Club. Club members had certain queries on the process, and Mr Agrawal was able to address the same in detail.

He mentioned that the legal framework for the organ donation process is as per the Transplantation of Human Tissues Act 1994. As per the rules, a National Organ & Tissue Transplant Organization (NOTTO) has been formed at the national level, followed by SOTTO at State Level and ROTTO for few districts.

A list of donors and patients are registered with the relevant organization, which takes an independent decision to authorize a transplant based on a list down criteria. Here, both the donors and patients identity is not revealed.

He also explained the process of registration as an organ donor. Now, those interested in enrolling as an organ donor have to fill in an online form and they receive an A4 size certificate like an Aadhaar Card. He suggested that the same can be printed and framed in the house, so that family members are aware about your decision to enroll as an organ donor. He also mentioned that irrespective of the fact someone has enrolled, the consent of the family is again taken in death of the donor.

The session ended with showing of a motivational clip and the current awareness rally being carried out by the federation in association with the Rotary Clubs in Jalgaon.

Rtn. Dr. Dileep Shah did the guest introduction, **Rtn. Mahendra Parmar** delivered the Vote of Thanks as well as he was the Lucky Rotarian. We also exchanged flags with **Rtn. Rtr. Pratapsinh Bhosale** from **RC Madras Heritage**.

कोल्हापूर, ता. १५ : स्वयंपाकघरातील कचरा कोंडाळ्यात जाण्यापासून रोखण्यासोबत शहरातील एका उद्यानातीलही कचरा शून्यावर आणण्यासाठी विविध प्रयोग राजारामपुरी तेराव्या गल्लीतील संजीव चिपळूणकर यांनी गेल्या बीस वर्षांत केले. त्यामुळेच स्वयंपाकघरातील रोजचा एक ते दीड किलो कचरा बागेतील खत प्रकल्पात जातो.

दोन-तीन महिन्यांनंतर त्यापासून उत्तम प्रतीचे खत मिळते. या खतापासून विविध वर्गीय झाडे, भाजीपाला पिकतो. परिणामी, विषमुक्त भाज्या मिळतात शिवाय

“ स्वयंपाकघरातील कचऱ्याचा प्रयोग यशस्वी केला. नाना-नानी पार्कमध्येही सर्व कचऱ्याची खतनिर्मिती बागेतच केली जाते. हे खत संपूर्ण बागेतील झाडांना घातले जाते. सेंद्रिय खतनिर्मितीचा प्रयोग असलेली ही शहरातील एकमेव बाग आहे.

आजुबाजुला असणाऱ्या झाडांच्या पालापाचोळ्याचा कचरादेखील ते आपल्या बागेसाठी वापरतात.
